

## Map to the Chino Valley Model Aviators Flying Field

Perkinsville Road (Jct 70) is fully paved. Perkinsville Rd. winds a bit, but stay on it for about 3 miles until you see the 800 ft. paved asphalt runway and cabana off to the left. The intersection of Santa Fe Trail and Perkinsville Rd. is where you turn left. Watch closely for the turnoff. The main gate entrance to our field is only 500 feet down the improved dirt road.
